Notes/Comments: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math and foreign language as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester to discuss course scheduling. All requirements are subject to change by NIU. The department strongly suggests study abroad for the summer or for a semester and to use their electives to pursue a minor.
