Notes/Comments: This plan is an <u>example</u> of what a four year plan could look like for a typical student based on the above catalog year. It should not be used in the place of regular academic advising appointments. The selection of major/minor content areas will impact the progress in degree and may requre enrollment in summer/an additional semester. All students are encouraged to meet with their advisor each semester to discuss course scheduling. All requirements are subject to change by NIU and the Illinois State Board of Education. Retention GPA: Fall 3 through Spring 4 requires a minimum 2.5 NIU GPA. Selection of major/minor content areas will impact course sequencing. NIU requires a minimum of 120 hours for degree completion.
